- 2 Listen to Chapter 2 on your CD/download. The text below is an extract from Chapter 2 in which Burden tells Wexford about the evidence. Listen carefully to the extract, and find six mistakes in the text below.

'There weren't very many fingerprints in the house. Only some of Hathall's prints, and some of his mother's. They probably made them after they came home yesterday evening. Angela's prints were on the front door, on the door from the kitchen into the hall, and on her bathroom door. That's all. Perhaps she wore gloves to do her housework. The only other prints were those of an unknown male and one unknown woman. The man's prints were only on the books and on the inside of the bathroom cupboard door.'
