# I'm not me without learning foreign languages

I really like learning foreign languages and in the future I want to become a translator. I've been learning English for 6 years, Korean - for 2 years and French - for a year! And next year I plan to start learning Chinese!!!

# I'm not me without my earphones

I always love listening to music, when I walk, drive in the car, do homework, put on makeup and just in my free time. I usually listen to modern pop-music.

trips

Traveling to other cities and countries is very exciting!

I've visited many cities in Russia: Krasnodar, Sochi, Barnaul, Vladimir, Ufa, Kazan, Vladivostok and this list will constantly increase. I was also in Egypt and returned from China a few days ago.

# I'm not me without roller coaster

I love it when adventures make your heart beat loudly and take your breath away!  
Real extreme!!!

# I'm not me without self-development

I really enjoy learning something new, reading interesting and educational books, searching for yourself and opening new horizons.

# I'm not me without

Sleeping

Sleep occupies a very important place in my life. After all, in order to manage everything you need to be cheerful and full of strength!
