Riverboat Bill

Riverboat Bill doesn't live in a house. He lives on a boat with his cat, Morris.

They sailed on a river in India. There are tigers and monkeys in India.

Riverboat Bill and Morris sail to lots of countries.

One day, they sail to Australia. There are kangaroos and crocodile in Australia.

Next, Riverboat Bill and Morris sail to Africa. There are Hippos in Africa.

Finally, Riverboat Bill and Morris sail to the Caribbean. They see something in the water.

It's Submarine Stan and he's very angry.

So Riverboat Bill and Morris sail back to river again.

I like this story because it's about travel and different animals. It's a funny story.
